Re: D.O.G.M. Project
ACT/015/016

Dear Mr. Ruf:

In answer to your letter of March 30, 1984, approval is given for the use of the small water supply ponds and make-up water pond associated with the above permit, subject to the approval of other involved agencies. It is my assumption that you will maintain the ponds, and that because of the location they do not offer a threat to life or property.

If you have any further questions or comments, please feel free to call on me or Bob Morgan of my staff.

Yours truly,

Dee C. Hansen, P.E.
State Engineer
